INTRODUCTION

Much time and effort has gone into abstracting and compiling the material contained in this book to insure as much accuracy as possible. The original marriage licenses were used to obtain the information and many were hard to read due to the different handwriting of the original writers or due to the effects of time or combinations of both. Therefore, there may be mistakes but every effort has been made to minimize them.

In using this book you will find the names in alphabetical order with the surnames of the grooms in all uppercase letters and the brides surnames are in upper and lower case. For example, GROOM, I'm A. 18 Jun. 1860 Bride, U.R.

This book was created to assist in the genealogical efforts of our fellow researchers. SUWANNEE COUNTY, FLORIDA MARRIAGES

BOOK TWO

July, 1887 thru December, 1899

Compiled by
Jinnie Hancock

Published by
Suwannee Valley Genealogical Society, Inc.
P.O. Box 967
Live Oak, FL 32064

INTRODUCTION

Much time and effort has gone into abstracting and compiling the material contained in this book to insure as much accuracy as possible. The original marriage licenses were used to obtain the information and many were hard to read due to the different handwriting of the original writers or due to the effects of time or combinations of both. Therefore, there may be mistakes but every effort has been made to minimize them.

In using this book you will find the names in alphabetical order with the surnames of the grooms in all uppercase letters and the brides surnames are in upper and lower case. For example, GROOM, I. A. 18 Jun. 1860 Bride, U.R.

The Society dedicates this edition to the original abstractors, Mavis and the late Jim Mims. They spent many long hours going over the original records and deciphering the written passages.

This book was created to assist in the genealogical efforts of our fellow researchers.
